

ENT-HNS MOROCCAN COLLEGE

Organize the

International
Otolaryngology, Head &
Neck Surgery Conferences

**Diagnostic and therapeutic
approaches in
Otolaryngology,
Head & Neck Surgery
HOW TO MOVE FROM
THEORY TO PRACTICE**

28 - 30 juin 2024

Kenzi Menara Palace Hotel

MARRAKECH

CONFIRMED SPEAKERS

	INDIA	Trichy Narayanan Janakiram
	ITALY	Giovanni Danesi
	CHINA	Feng Goudong
	FRANCE	Saïd Safieddine
	FRANCE	Thierry Mom
	JAPAN	Shin Ichi Usami
	CANADA	Marc Tewfik
	ITALY	Daniele Marchioni
	FRANCE	Natalie Loundon
	FRANCE	Christophe Vincent
	UK	Barry Nevison
	USA	Anil K. Lalwani
	INDIA	Prem Ranjan
	BRAZIL	Luciano Moreira

SESSIONS

- Auditory neuropathy in children
- Genetic hearing loss
- Endoscopic skull base surgery
- Surgical approaches to the petrous apex
- Lateral skull base surgery
- Innovations in cochlear implantation
- Auditory Brainstem implant
- Endoscopic middle ear and sinus surgery:
how I do it ?

Président's Word

The Moroccan College of Otolaryngology, Head & Neck Surgery (**CEMORL**) was created in 2017.

The CEMORL brings together all the University Department of ENT-HNS in all the University Hospitals in Morocco.

Its scientific objectives are:

- Participation in the development of the training programs in ENT-HNS for medical students in the Medical Faculties in Morocco.
- Development of theoretical and practical training programs for ENT-HNS Residents
- Participation in the development of the ENT-HNS specialty in the various ENT Departments of University Hospitals in Morocco.
- Assistance in the scientific research for the ENT-HNS Departments of University Hospitals in Morocco.
- Creation of partnership with ENT- HNS scientific societies in the world in the objective to develop the quality of training programs in ENT-HNS.
- Organization of scientific events:
 - Since its creation in **2017**, CEMORL has organized **Advanced training courses in ENT-HNS** in several fields of otology, audiology, rhinology and head and neck surgery for ENT-HNS residents in Morocco.
 - CEMORL has organized **4 Scientific events** with or without collaboration with other scientific societies in the world:

- **In 2017:** CEMORL has organized in collaboration with the International Society for Inner Ear Therapeutics (ISIET) its first scientific meeting in Marrakech on the field of: **Genetic sensorineural deafness.**
- **In 2018:** CEMORL has organized the international conferences in ENT-HNS in Marrakech on the field: **What's new in otology, neurotology and skull base surgery.**
- CEMORL suspended the organization of meeting during the **COVID period** but It has been focused on the **organization of training courses by several webinars** covering various fields in ENT- HNS.
- **In 2023:** CEMORL has organized **The Second International conferences in ENT- HNS** in collaboration with the ISIET in Marrakech on the field: **Updates in the management of sensorineural hearing loss.**
- **In 2024:** CEMORL will organize its third International conferences in ENT-HNS in Marrakech on the field of: **Diagnostic and therapeutic approaches in ENT-HNS: How to move from theory to practice?**

The CEMORL International conferences are focused this year on several sessions targeting different aspects of Otolaryngology, Head & Neck Surgery as part as part of a focus on the evolution of our specialty in diagnostic and therapeutic approaches and how to move from theory to practice. A course on endoscopic surgery of the middle ear and sinuses will be part of the program of the 3rd International Conference on Otolaryngology, Head & Neck surgery. For this event, we have invited An international panel of world-renowned experts as well as local experts to exchange their experience. We will be very happy to welcome you to Marrakech for this new session of CEMORL international conferences.

Synopsis

Friday, June 28, 2024

8h00-8h30	REGISTRATION
8h30-12h	CONGENITAL HEARING LOSS IN CHILDREN
8h30-9h	CONFERENCE 1 EVALUATION AND AUDITORY REHABILITATION OF EAR APLASIA
9h-10h	ROUND TABLE 1 AUDITORY NEUROPATHY IN CHILDREN
10h-10h30	COFFEE BREAK
10h30-12h	ROUND TABLE 2 GENETIC HEARING LOSS
12h-14h	LUNCH
14h-18h45	ENDOSCOPIC SKULL BASE SURGERY
14h14h30	CONFERENCE 2 CENTRAL SKULL BASE TUMORS MANAGEMENT
14h30-16h	ROUND TABLE 3 ENDOSCOPIC ENDONASAL APPROACH TO THE SKULL BASE
16h-16h45	SYMPOSIUM MEDEL
16h45-17h15	COFFEE BREAK
17h15-17h35	CONFERENCE 3 ANTERIOR SKULL BASE TUMORS MANAGEMENT
17h35-18h45	ROUND TABLE 4 SURGICAL APPROACHES TO THE PETROUS APEX

Saturday, June 29, 2024

8h-12h30	LATERAL SKULL BASE SURGERY
8h-8h30	CONFERENCE 4 NASOPHARYNGEAL ANGIOFIBROMA MANAGEMENT
8h30-10h15	ROUND TABLE 5 TRANSPETROUS APPROACHES TO THE CEREBELLOPONTINE ANGLE

10h15-10h45	COFFEE BREAK
10h45-11h15	CONFERENCE 5 THE PRINCIPLES, PRACTICE AND PROGRESS OF LATERAL SKULL BASE SURGERY
11h15-12h30	ROUND TABLE 6 MANAGEMENT OF TYMPANOJUGULAR PARANGLIOMAS IN 2024
12h30-14h	LUNCH
14h-16h45	AUDIOLOGY & IMPLANTABLE HEARING AIDS
14h-14h30	CONFERENCE 6 INNOVATIONS IN COCHLEAR IMPLANTATION
14h30-16h	ROUND TABLE 7 COCHLEAR IMPLANTATION WHAT'S NEW ?
16h-16h45	SYMPOSIUM COCHLEAR
16h45-17h15	COFFEE BREAK
17h15-17h45	CONFERENCE 7 DIAGNOSTIC TEST BATTERY IN AUDIOLOGY HEARING ASSESSMENT
17h45-18h45	ROUND TABLE 8 AUDITORY BRAINSTEM IMPLANTATION

Sunday, June 30, 2024

ENDOSCOPIC SURGERY IN ENT: HOW DO I DO IT ?

8h00-10h	ENDOSCOPIC SURGERY OF THE MIDDLE EAR
8h-8h30	CONFERENCE 8 NEW PROGRESS IN THE MIDDLE EAR ENDOSCOPIC SURGERY : EQUIPMENT AND TECHNOLOGY
8h30-10h	ENDOSCOPIC SURGERY OF THE MIDDLE EAR COURSE
10h-10h30	COFFEE BREAK
10h30h-12h30	ENDOSCOPIC SINUS SURGERY
10h30-11h	CONFERENCE 9 NEW PROGRESS IN THE SINUS ENDOSCOPIC SURGERY : EQUIPMENT AND TECHNOLOGY
11h-12h30	ENDOSCOPIC SINUS SURGERY COURSE
12h30-14h	LUNCH

Friday, June 28, 2024

8h00-8h30 REGISTRATION

8h30-12h CONGENITAL HEARING LOSS IN CHILDREN

Modérateurs : Razika Bencheikh, Saaïd Safieddine, Ilham Rkain

8h30-9h **CONFERENCE 1**
EVALUATION AND AUDITORY REHABILITATION
OF EAR APLASIA *Natalie Loundon* (30')

9h-10h **ROUND TABLE 1**
AUDITORY NEUROPATHY IN CHILDREN

- Genetics and pathophysiology of auditory neuropathy
Saaïd Safieddine (20')
- The diagnosis of auditory neuropathy in children
Prem Ranjan (20')
- The management of auditory neuropathy in children in 2024
Natalie Loundon (20')

10h-10h30 COFFEE BREAK

10h30-12h **ROUND TABLE 2** **GENETIC HEARING LOSS**

Modérateurs : Ali Jahidi, Mohamed Ridal, Anas Benbouzid

- Genetic aspects of sensorineural hearing loss *Saaïd Safieddine* (20')
- Advancements in understanding the genetic basis of hearing loss in Moroccan Population *Khawla El Fizazi* (10')
- How the genetic origin of deafness can affect the indication and results of cochlear implantation *Shin-Ichi Usami* (20')
- Impact of the genetic hearing loss on the outcomes of cochlear implantation *Abdelaziz Raji* (10')
- Gene therapy for genetic hearing loss: technique and results:
Natalie Loundon (30')

12h-14h LUNCH

14h-18h45 ENDOSCOPIC SKULL BASE SURGERY

Modérateurs : Leila Essakali, Mohamed Mahtar, Mohamed Zalagh

14h14h30 CONFERENCE 2 CENTRAL SKULL BASE TUMORS MANAGEMENT *Giovanni Danesi* (30')

14h30-16h ROUND TABLE 3 ENDOSCOPIC ENDONASAL APPROACH TO THE SKULL BASE

- Anatomical basis of the endoscopic skull base surgery
Youssef Derouassi (15')
- Imagery of the anterior and central skull base tumors
Alj Soumia (15')
- Endoscopic endonasal approach to the anterior and central skull base: step by step: *Marc Tewfik* (30')
- Endoscopic surgery of pituitary tumors *Khalid Aniba* (10')
- Endoscopic skull base reconstruction procedures
Giovanni Danesi (20')

16h-16h45 SYMPOSIUM MEDEL

Chairmen : Leila Essakali, Reda Abada

- Translational research around five categories of CI
Michel Beliaeff
- Rational for stimulation of the apex with deep insertion and full cochlear coverage *Shin-Ichi Usami*
- The Totally Implantable Cochlear Implant (TICI) : a new era
Phillippe Lefebvre (recorded)

16h45-17h15

COFFEE BREAK

Modérateurs : Reda Abada , Giovanni Danesi, Karim Nadour

17h15-17h35 CONFERENCE 3 ANTERIOR SKULL BASE TUMORS MANAGEMENT *Narayanan Janakiram* (30')

17h35-18h45 ROUND TABLE 4 SURGICAL APPROACHES TO THE PETROUS APEX

- Anatomical basis of the petrous apex surgery *Sami Rouadi* (15')
- Imaging analysis of the petrous apex lesions *Alj Soumia* (15')
- The external approach to the petrous apex: *Giovanni Danesi* (20')
- The endoscopic endonasal approach to the petrous apex
Marc Tewfik (20')

Saturday, June 29, 2024

8h-12h30 LATERAL SKULL BASE SURGERY

**Modérateurs : Youssef Rochdi, Daniele Marchioni,
Othmane Benhoummad**

8h-8h30 CONFERENCE 4
NASOPHARYNGEAL ANGIOFIBROMA MANAGEMENT
Narayanan Janakiram (30')

8h30-10h15 ROUND TABLE 5
**TRANSPETROUS APPROACHES TO THE
CEREBELLOPONTINE ANGLE**

- Imaging analysis of pontocerebellar angle tumors for the transpetronous Approach *Giovanni Danesi (15')*
- The translabyrinthine approach: step by step *Feng Guodong (20')*
- The suprapetrous approach For Internal auditory canal: indications and technique *Giovanni Danesi (20')*
- Endoscopic surgery of the internal auditory canal and the pontocerebellar angle *Daniele Marchioni (20')*
- Auditory rehabilitation in the management of the cerebellopontine angle tumors *Thierry Mom (15')*
- Retrosigmoid approach for koos grad IV vestibular schwannoma *Said Ait Benali (15')*

10h15-10h45 COFFEE BREAK

Modérateurs : Haddou Ammar, Feng Guodong, Najib Belmansour

10h45-11h15 CONFERENCE 5
**THE PRINCIPLES, PRACTICE AND PROGRESS OF
LATERAL SKULL BASE SURGERY *Feng Guodong (30')***

11h15-12h30 ROUND TABLE 6
**MANAGEMENT OF TYMPANOJUGULAR
PARAGANGLIOMAS IN 2024**

- Clinical and biological assessment of the tympanojugular paraganglioma *Ammar Haddou (15')*
- Imagery of the tympanojugular paragangliomas *Alj Soumia (15')*
- Surgery of the tympanojugular paragangliomas *Feng Guodong (30')*
- Place of radiotherapy in the management of the tympanojugular paragangliomas *Mouna Khouchani (15')*

12h30-14h LUNCH

14h-16h45 AUDIOLOGY & IMPLANTABLE HEARING AIDS

Modérateurs : Zouheir Zaki, Shin-Ichi Usami, Abdelaziz Raji

14h-14h30 CONFERENCE 6 INNOVATIONS IN COCHLEAR IMPLANTATION *Anil K. Lalwani* (30')

14h30-16h ROUND TABLE 7 COCHLEAR IMPLANTATION WHAT'S NEW ?

- The new concept in structure preservation in cochlear implantation: role of new technology *Thierry Mom* (15')
- The use of endoscopy in cochlear implantation *Daniele Marchioni* (20')
- Intraoperative monitoring for hearing preservation in cochlear implantation *Prem Ranjan* (15')
- Electroacoustic stimulation: indications, surgical techniques, and outcomes *Shin-Ichi Usami* (25')
- Cochlear implantation in cochlear nerve hypoplasia: How to make a decision? *Anil K. Lalwani* (15')

16h-16h45 SYMPOSIUM COCHLEAR

Inspired by a lifetime of hearing performance

Chairmen : Abdelaziz Raji, Mohamed Mahtar

- The importance of long-term hearing performance *Barry Nevison*
- Avantages comparatifs des électrodes Slim Modiolar et Straight *Luciano Moreira*

16h45-17h15 COFFEE BREAK

Modérateurs: Thierry Mom, Said Ait Benali, Nouredine Alami

17h15-17h45 CONFERENCE 7 DIAGNOSTIC TEST BATTERY IN AUDIOLOGY HEARING ASSESSMENT *Prem Ranjan* (30')

17h45-18h45 ROUND TABLE 8 AUDITORY BRAINSTEM IMPLANTATION

- The auditory brainstem implant: Indications, Assessments and surgical technics *Christophe Vincent* (30')
- The auditory brainstem implant: intraoperative monitoring and adjustment *Barry Nevison* (15')
- Outcomes of the auditory brainstem implantation *Barry Nevison* (15')

Sunday, June 30, 2024

ENDOSCOPIC SURGERY IN ENT: HOW DO I DO IT ?

8h-10h ENDOSCOPIC SURGERY OF THE MIDDLE EAR

Modérateurs : Youssef Derouassi, Fahd EL Ayoubi,
Daniele Marchioni

8h-8h30 **CONFERENCE 8**
NEW PROGRESS IN THE MIDDLE EAR ENDOSCOPIC
SURGERY: EQUIPMENT AND TECHNOLOGY
Feng Guodong (30')

8h30-9h Endoscopic tympanoplasty: How I do it?
Luciano Moreira

9h-9h30 Endoscopic surgery of middle ear cholesteatoma:
How I do it? *Daniele Marchioni*

9h30-10h Endoscopic surgery of the ossicular chain and otosclerosis:
How I do it? *Luciano Moreira/ El Ayoubi Fahd*

10h-10h30 COFFEE BREAK

10h30-12h30 ENDOSCOPIC SINUS SURGERY

Modérateurs : Leila Essakali, Saloua Ouraini, Marc Tewfik

10h30-11h **CONFERENCE 9**
NEW PROGRESS IN THE SINUS ENDOSCOPIC
SURGERY : : EQUIPMENT AND TECHNOLOGY
Marc Tewfik (30')

11h-11h30 Meatal antrostomy : How I do it?
Marc Tewfik

11h30-12h Ethmoidectomy and sphenoidotomy: How I do it?
Marc Tewfik

12h-12h30 Endoscopic surgery of the frontal sinus: How I do it?
Marc Tewfik

12h30-14h LUNCH

Picture of the 2024 CEMORL 3rd Conferences attendees
will be taken on Friday 28th at 12h, just before Lunch
